

# Ifat Events' Garden

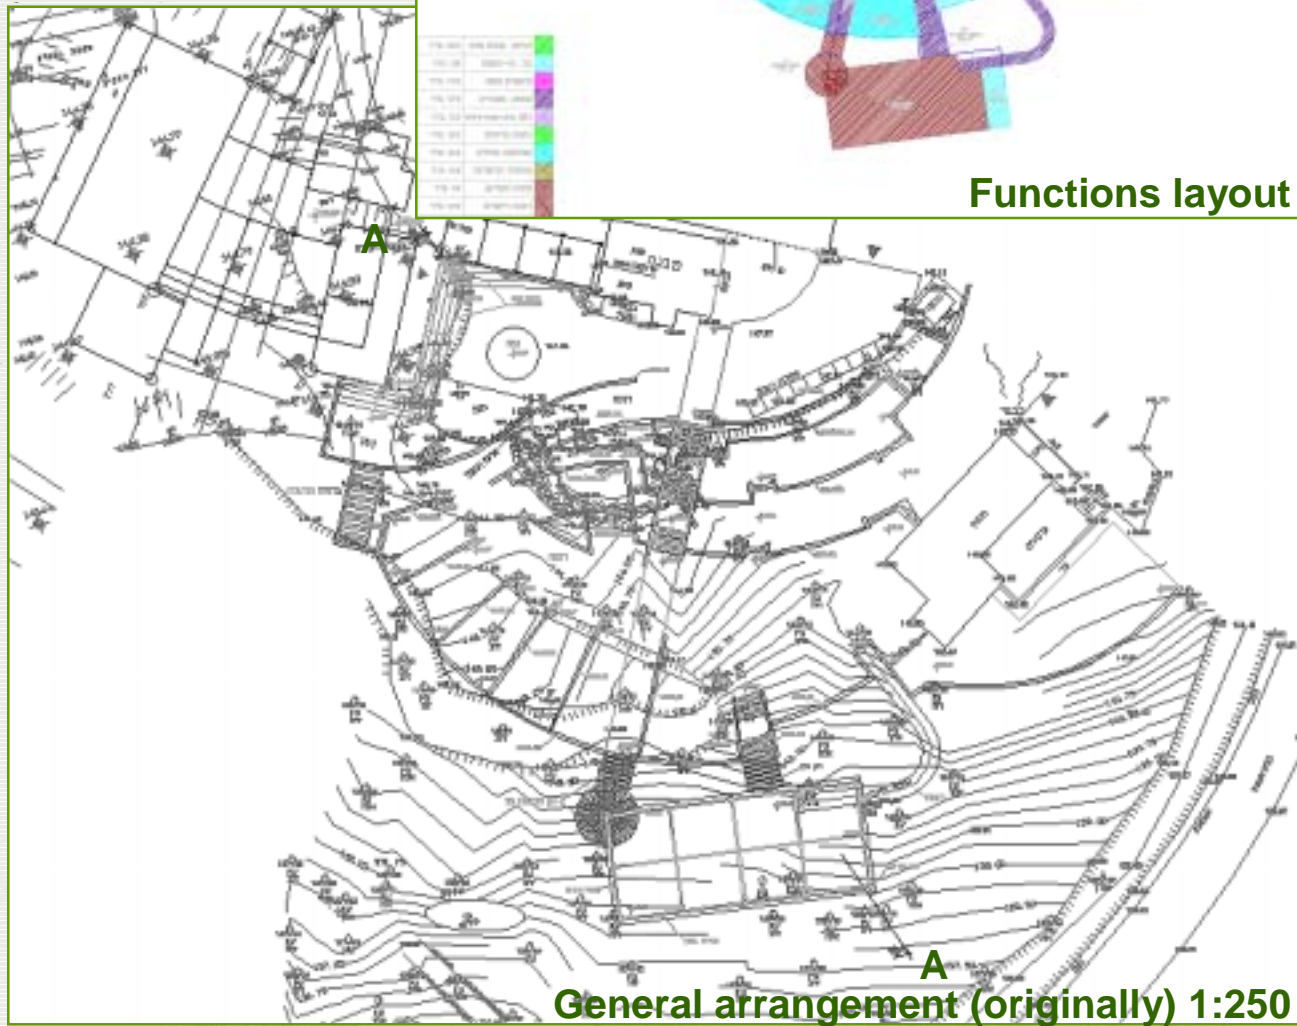

Two alternatives for an events' garden in Kibbutz Ifat, Israel

## Alternative1

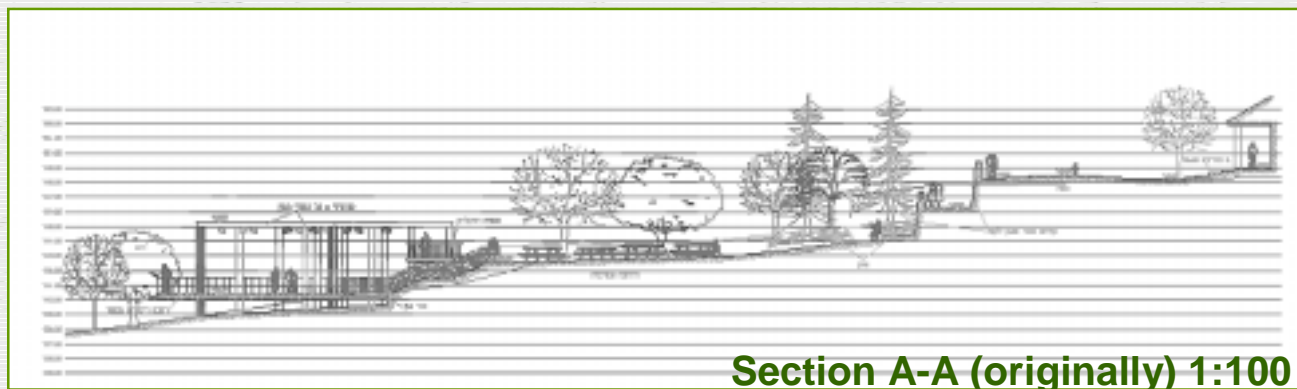

- Entrance from North-East
- A floating dance floor (red)
- An urban-industrial character

Functions layout

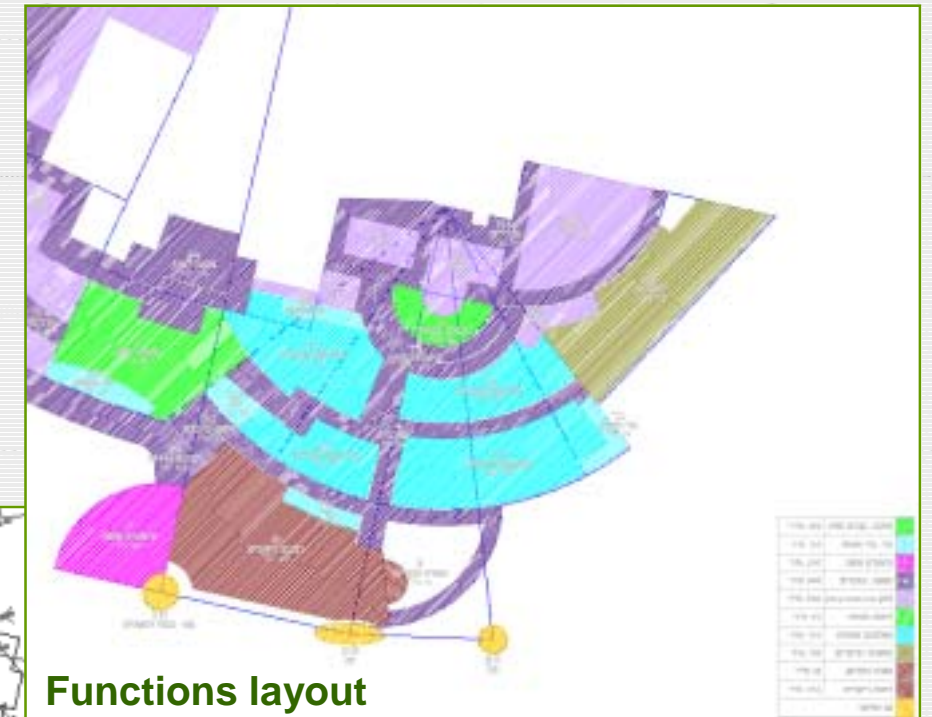

General arrangement (originally) 1:250

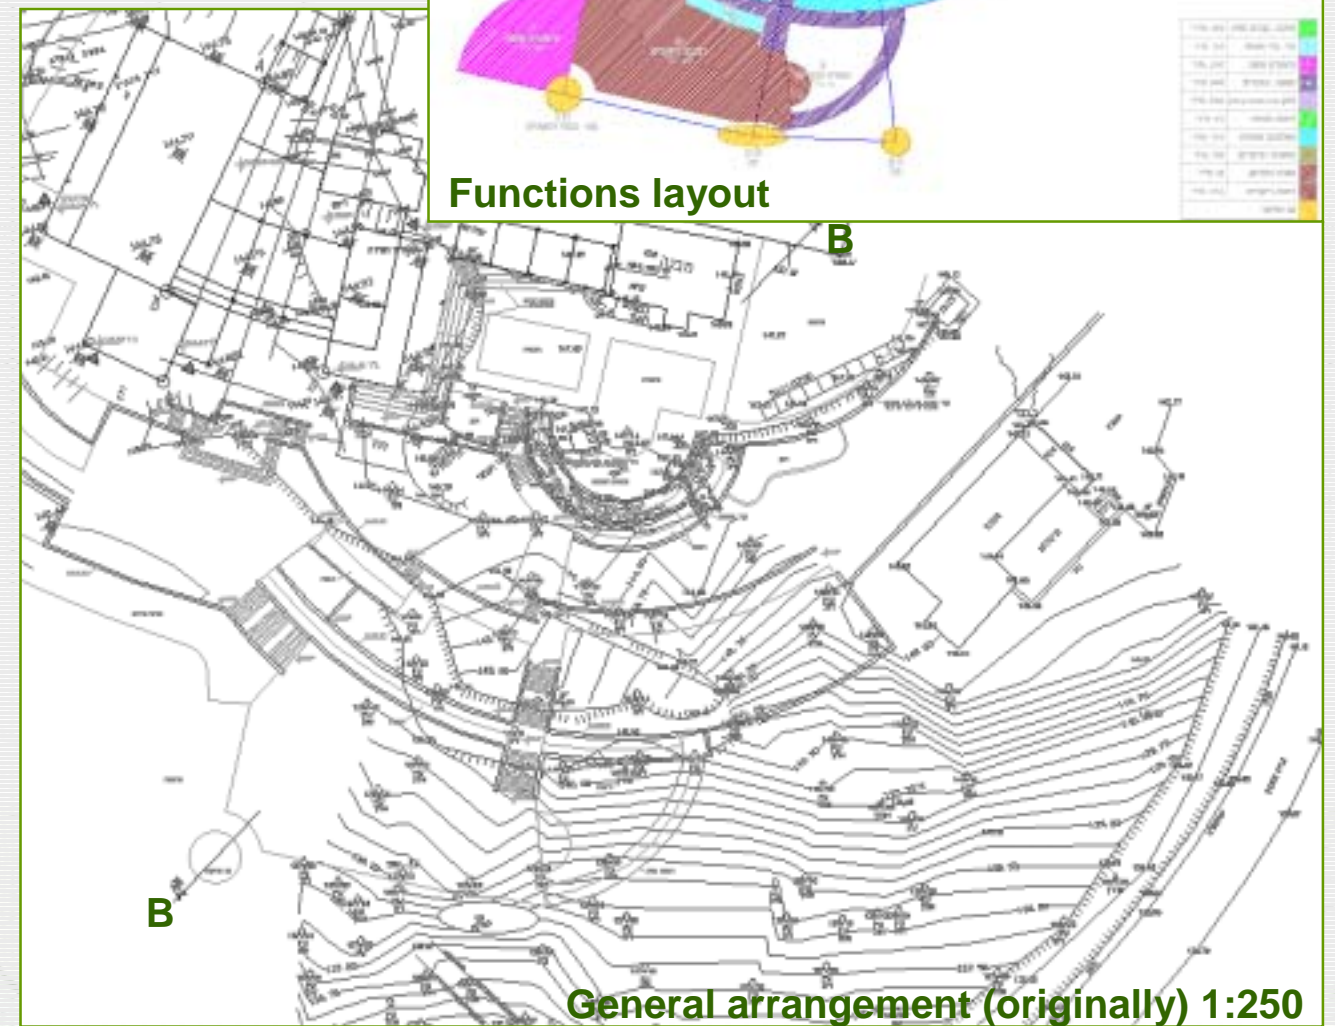

Section A-A (originally) 1:100

## Alternative2

- Entrance from The Settlement Museum
- Linked to archaeological remains (yellow)
- A natural character

Functions layout

General arrangement (originally) 1:250

Section B-B (originally) 1:100

A 'KAV BANOF Landscape Architecture & Environmental Design' project, for which I lead the design and presentation
