

# Piazza Design Competition

The winning proposal for designing a piazza in Benamina, Israel

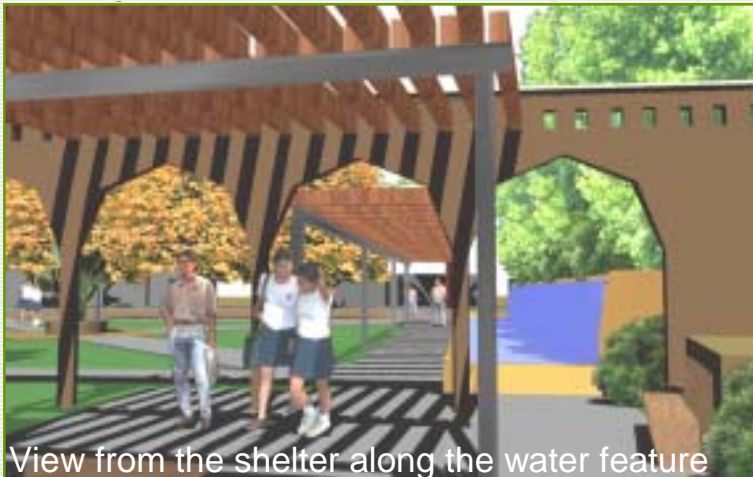

- The competition was held by the local council in early 1999
- I lead participation in the competition on behalf of 'KAV BANOF Landscape Architecture & Environmental Design' as the designer, renderer, and presenter
- 2.3 acres along 100 meters of one of Benamina's main streets
- Includes a garden, a commercial building to be refurbished and a public shelter

Section across restaurant and water feature
